

A Bold 2020 Vision.

In 2020, we will speak in 20 states.

We (Value Unconditional) will raise over \$50,000.

My family will have/experience supernatural favor, provision and abundance financially, spiritually, emotionally, physically, mentally, relationally, etc. Thank you Lord.

Thank you Father that this year, V.U. will be our fulltime job.

Thank you for the unexpected grant we will receive.

Thank you for the honor that will get us recognized.

Thank you for the hearts Lord that will be changed & all the ways that you will be glorified.

Thank you Father God that someone will donate their space to us Lord God.

Thank you for your mercy and grace.

This year I will write another book, publish it, and it will generate great income and be a source of revenue for my family and for V.U.

Thank you Lord that our board will grow with people who are willing to invest time, energy, and resources into our growth and sustenance.

Thank you Lord that people we don't even know are following our journey & looking to be donors, partners and legacy builders for our organization.

Thank you Lord that you have more planned than what has been revealed because if it were told to me right now, I'd still not yet believe it.

But I know Lord that one day I will preach on TV. I know Lord that your Word spoken through my voice will generate a following of thousands. I know Lord that I will get to preach in Israel one day. I know Lord that what is yet to come is even greater than what has already taken place. I thank you Lord that there is promotion in store for me & that you are blessing not only me Lord but the lineage that is to follow me. I thank you Lord that you do not cause me to labor in vain. I thank you Lord that there is a purpose for me and that I can be assured that you will see it through in my lifetime—that I will get to know you even more and fall even more in love with you on this side of Heaven.

The Best is yet to come.

Thank you Lord. So Let it Be.
